December 13th, 1918

Major G. S. Cline,

Canadian Signal Corps Company, C.E.

Army P.O., London, England.

Dear Major Cline:

From the present appearance of affairs it is almost certain that it will be necessary for us to start immediately extra classes for soldiers who are returning from overseas. These will be partly in preparation for entering the University, that is to say of the matriculation grade, and partly of the higher grade. It has occurred to Dean Parkenham and myself that you might be willing to come back somewhat earlier if we were to ask you to do so in order to help us in such work as this. Of course at present we do not know its extent, but if you would be willing to return, would you ask for permission as soon as possible ? If you were to cable me I would communicate with Ottawa and endeavour to have the permission secured from this end. After your long absence you will probably be willing to come back as soon as possible , and let me assure you that we shall be glad to see you. We are proud of the record that you have made for yourself. I regret that I did not get a chance to meet you when I was overseas. What a relief the end of the war has brought to everybody. With kindest regards and hoping to see you before very long, I am, Yours sincerely,

President.
